WELLNESS

ClubStrong™ Sauna

Product Highlights

The ClubStrong™ Sauna is the industry's first heavy-duty, fully featured commercial infrared sauna, built to withstand high-traffic environments. Featuring durable construction and the most red light modules of any commercial sauna on the market, the ClubStrong Sauna offers your facility a premium wellness experience.

Product Features

BUILT FOR COMMERCIAL USE

Built for high-traffic facilities, the ClubStrong features reinforced construction and durable materials for extended durability. Choose the configuration that best fits your facility, available in 2, 4, 6, or 8-person options.

SUPERCHARGED RED LIGHT SESSIONS

Our Chromolight LED systems provide a full-spectrum experience with a high density of LEDs positioned for optimal absorption; 2 and 4-person models feature 28 modules, while 6 and 8-person models offer 56 modules.

QUICK HEAT, EFFICIENT WARMTH

Crafted from Canadian Blonde Hemlock, recognized for its superior heat transference properties, the wood effectively retains and radiates warmth, enabling the sauna to achieve optimal temperatures quickly.

BIO-STACKING INNOVATION

Designed to increase the efficacy of each session by incorporating additional natural energies including heat, other light wave lengths, stones, minerals and oxygen.

4-Person ClubStrong™ Sauna

Specifications

Dimensions (W x D x H):
- **2-Person:** 51 x 52 x 89 in / 129 x 132 x 226 cm
- **4-Person:** 80 x 57 x 89 in / 203 x 144 x 226 cm
- **6-Person:** 80 x 83 x 89 in / 203 x 211 x 226 cm
- **8-Person:** 80 x 109 x 89 in / 203 x 278 x 226 cm

Product Weight:
- **2-Person:** 550 lb / 249 kg
- **4-Person:** 700 lb / 318 kg
- **6-Person:** 1092 lb / 495 kg
- **8-Person:** 1347 lb / 611 kg

Number of Red Lights:
- **2 & 4-Person:** 28 LEDs chromolight modules (8 Color Wavelengths)
- **6 & 8-Person:** 56 LEDs chromolight modules (8 Color Wavelengths)

WELLNESS

RedFuzion™ Rejuve Sauna

Product Highlights

The patented RedFuzion™ Rejuve Sauna, featuring a full-surround red light chromolight LED system, provides efficient 12-15 minute restorative sessions. Crafted from premium Canadian Red Cedar and spacious enough for two, it combines 15 bio-stacked wellness energies, including red light and infrared heat, to deliver an immersive and balanced experience.

Product Features

360° LIGHT THERAPY

74 red light chromolight boxes with 8 color wavelengths offer a 360° full-spectrum with deep infrared exposure for a truly immersive recovery session.

POWERFUL RECOVERY, SIMPLIFIED

Deep, full-spectrum infrared heat in just 12-15 minutes. Patented technology, featuring advanced near and far carbon heaters, ensures efficient and powerful sessions.

BUILT FOR COMMERCIAL USE

Built for high-traffic facilities, it features reinforced construction and durable Canadian Red Cedar for superior heat transfer.

BIO-STACKING INNOVATION

Designed to increase the efficacy of each session by incorporating additional natural energies including heat, other light wave lengths, stones, minerals and oxygen.

Specifications

Dimensions (W x D x H): 47 x 41 x 81 in / 119 x 104 x 206 cm

Product Weight: 374 lb / 170 kg

Number of Red Lights: 74 LED Red-Light Chromolight modules (8 Colors)

Wood: Canadian Red Cedar

Natural Elements: Himalayan Salt, Jade, Bian, and Tourmaline

Hyper-Oxygen OxyOasis System: Included

Electrical Requirements: 110/120V, 20A, NEMA 5-20

Warranty: Visit www.precor.com for warranty terms.

WELLNESS

SaunaWellness™ Pro 10 Sauna

Product Highlights

Elevate your facility's wellness offerings with the SaunaWellness™ Pro 10, which redefines the infrared sauna experience by delivering up to 400% more natural energy than traditional saunas. Built of Canadian Red Cedar, the Pro 10 combines advanced infrared technology with bio-stacking, utilizing 17 natural energy sources to offer a true wellness experience.

Product Features

RECOVER FASTER, FEEL BETTER

Ten chromolight modules with 360 LEDs provide eight ambient color options. While red light, full-spectrum chromolight, and white reading lights create a comfortable and well-lit environment.

QUICK HEAT, EFFICIENT WARMTH

Advanced carbon and dual-infrared heaters combine to deliver deep, consistent, and efficient infrared warmth with optimal heat distribution and rapid heating.

BIO-STACKING INNOVATION

Designed to increase the recovery efficacy of each session by incorporating additional natural energies including heat, other light wave lengths, stones, minerals and oxygen.
